FINAL MOVE MADE

IN O. C. TAX CASE

Assistant County Attorney A. M. Croxton and County Treasurer R. H. Ervin left Wednesday morning for Muskogee to look after Pontotoc county's interest in the tax case against the Oklahoma Central railroad.

All parties who have claims against the road are to appear in Muskogee Thursday, March 27, to verify their accounts. The O. C. has settled with all counties along its line for 70 cents on the dollar with all penalties and interest remitted, and has offered this county \$20,000 in settlement of its claim of \$30,400 but Mr. Croxton stated it was his belief that a much better settlement could be effected and the county attorney's office is going to fight to the last.

A Southern Pacific motor car passed through Ada at 11:30 today over the Frisco en route from the north to San Antonio, Texas.

5,000 LIVES LOST IN FLOODS AND FULLY 30,000 ARE HOMELESS

Dayton, Ohio, Submerged Under 15 Feet of Water. Many Towns Isolated. Situation is Appalling and Beyond All Control. Ruin and Desolation on All Sides.

Springfield, Ohio, March 25.—The mayor of Dayton, in an appeal made to the mayor of this city, reported at 8 o'clock tonight that the water is thirteen feet deep in the union station in Dayton and that, according to reports, 5,000 lives have been lost and fully 30,000 are homeless.

The hydraulic dam at Piqua has gone out and reports say that 540 lives have been lost.

The mayor of Dayton in his appeal asked for food for the stricken people of his city.

Xenia already has sent three cars of food to that city. The Springfield officials are now in session and plan to take action for the relief of flood sufferers.

There is considerable suffering in this city there being fully 500 families driven out of their homes.

Rumors have been received of loss of life in the villages, but these lack confirmation.

Two Hundred Drowned in Peru.
Indianapolis, March 25.—Two hundred or more are drowned at Peru, Ind., according to a message received by Governor Ralston from that place tonight.

The governor's informant named Baker, asked that 200 coffins and food and clothing be sent to Peru at once.

"This probably will be the last message you will get from Peru," said the man. "Two hundred or more are drowned and the remainder of the residents are grouped on a hill waiting for daylight."

Governor Ralston immediately communicated with State Senator Fleming at Fort Wayne and asked him to forward the coffins and other supplies as requested. While the governor was talking the wire to Peru failed.

Half of Dayton Submerged.

A Western Union telegraph operator at Brookville, Ohio, tonight established communication with the Associated Press office here. He said:

"Practically half of Dayton is under water from 30 to 40 feet. At the lowest estimate, 200 lives have been lost. The city is without electric lights, street car service or water service. It is impossible to estimate the damage. There is much suffering and the people are in need of food and clothing. All bridges have been swept away. There is no communication with the outside world. Many persons were caught in their homes with all avenues of escape cut off. The water still is rising and a heavy rain falling."

Chicago, March 25.—Swept by wind

and rainstorms of terrific violence for three days, vast areas of the Middle West, from the Missouri river to the Allegheny mountains, tonight are inundated, many persons have been drowned and there has been enormous property losses.

Ohio, Indiana and parts of Illinois and Missouri suffered most severely. Terre Haute, Indianapolis, Lafayette, in Indiana and Delaware, Columbus, Dayton and Youngstown in Ohio, present particularly pitiable spectacles. In all of these cities there was some loss of life, according to report available and in each city the property loss was heavy.

In Delaware, Ohio, nineteen persons are known to have lost their lives and thirty to fifty others are missing. Terre Haute, Ind., swept by a disastrous tornado last Sunday, today was partly inundated, interfering with the removing of stricken families. The death list still remained at twenty, while the list of injured aggregates 250.

At Dayton, Ohio, where three rivers, the Miami, Stillwater and Mad, and another stream known as Wolf creek, conjoin there was loss of life, according to some reports, and destruction of property. For the most part the city lies on a level flat with the four streams meeting almost in the heart of the city. The streams are protected by levees twenty-five feet high. The levee protecting the Miami river broke about 6 o'clock this morning and the flood was augmented by the rapidly rising waters of other streams. The situation was made worse by the breaking of the Laramie reservoir, fifty miles above Dayton.

Cincinnati, March 25.—Sixty are dead and probably more in Dayton, according to Frank Brandon, vice president of the Dayton, Lebanon & Cincinnati railroad tonight. Mr. Brandon succeeded in establishing a telegraph wire late today from Dayton to Lebanon. He says that the situation is appalling and beyond all control.

"According to my advices the situation beggars description," said Mr. Brandon. "What the people need most of all is boats. The water is high in every street and assistance late this afternoon was simply out of the question. My superintendent at Dayton told me that at least sixty had perished and probably a great many more, at the same time assuring me that unless something closely approaching a miracle happened, the death list would run considerably higher."

"We are now rigging up several special trains and will make every effort possible to get into Dayton tonight."

Village of 100 Wiped Out.

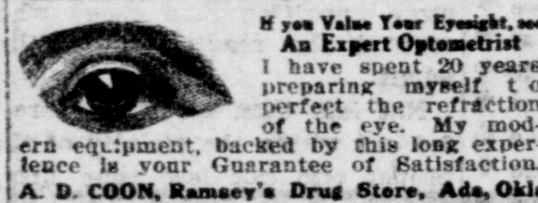

Sixteen persons are dead at Hamilton, Ohio, according to a local correspondent. The light plant of the town is out of commission and the town is in total darkness. Cries for help can be plainly heard in every direction, but the lack of boats prevent even a semblance of rescue work. The same correspondent reports that Kekoto, a hamlet with a population of 100 has been wiped out and the fate of its inhabitants is unknown.

The telephone operator at Phone-ton, eight miles north of Dayton, says that reports from Dayton at 6 o'clock tonight were that there was nine feet of water on Main street. The Central union depot is surrounded by water and employees cannot get out. The work of dynamiting a bridge across the Great Miami has been com-

menced in an effort to relieve the situation as much as possible.

Flood Loss Summary.

Five thousand are dead in Dayton, Ohio, according to the estimate of the mayor of that city, given in a telephone message to Springfield, Ohio.

If you Value Your Eyesight, see
An Expert Optometrist.
I have spent 20 years
preparing myself to
perfect the refraction
of the eye. My mod-
ern equipment, backed by this long ex-
perience is your Guarantee of Satisfaction.
A. D. COON, Ramey's Drug Store, Ada, Okla.

He said unconfirmed reports to him claimed that number.

One thousand are dead at Hamilton Ohio, according to rumors.

Rumors place the dead at Peru, Ind., at 200.

Some Other Places Affected.

Other cities affected by the flood and storm are:

Lima, Ohio—Flooded by the Ottawa River. Ten miles of trains held up there by a washout at Middlepoint Springfield, Ohio—Mad River and Buck Creek both out of their banks and several hundred houses flooded.

Larue, Ohio—Inundated, many people homeless and much suffering.

West Liberty, Ohio—Mad River overrunning its banks.

Fort Wayne, Ind.—St. Joseph, Maumee and St. Mary Rivers on a rampage. Town without lights and water famine threatened. Highest water in twenty years.

Marion, Ind.—Five hundred people forced to flee for their lives.

Elwood, Ind.—Three hundred people homeless.

St. Louis, Mo.—One person known to have been drowned and may families forced to leave their homes.

Youngstown, Ohio—Twenty-five thousand men are idle by reason of the closing down of the mills and factories. The flood is the worst experienced in many years.

New Orleans Immigration Station.

New Orleans, La., March 26.—Second only to Ellis Island, in size and the completeness of its equipment, is the new federal immigration station which is to be formally dedicated here tomorrow. No expense has been spared by the government in providing a magnificent group of buildings in which to receive and examine the new comers from foreign lands. Officials from Washington will attend the dedication and among the other participants in the exercises will be Governor Hall of Louisiana and the immigration and agricultural commissioners of numerous Southern States who are holding a conference here.

Sewing by the piece or by the day. Mrs. J. E. Littlefield, 316 West 16th **300-61**

30,000 Oklahoma Trees Ruined.

Poteau, Ok., March 25.—The eastern section of LeFlore county Oklahoma was visited by the most destructive hail storm in its history a few moments before 12 o'clock last night. For twenty minutes hail fell in immense quantities. In the vicinity of Hill, Ok., where the storm seems to have been most severe hail drifts were three to four feet deep ten hours after the storm had passed.

The path of the storm varied from two to six miles. It crossed into Arkansas near Hackett and 50,000 peach trees were stripped of bark and their foliage. Near the Oklahoma line 30,000 trees of the big Scott orchard were ruined.

Address All Letters to the News Publishing and Printing Company

Any erroneous reflection on the character, standing or reputation of any person, firm or corporation which may appear in the columns of The News will be gladly corrected upon its being brought to the attention of the management.

Obituaries and Resolutions of Respect of less than 100 words will be published free. For all matter in excess of 100 words a charge of one cent per word will be made. Count your words and remit with manuscript.

The name of our town may sound somewhat effeminate, but from a standpoint of commercial importance Ada is a full grown man with whiskers and high-top boots, if the great number of traveling men and the immense shipping done here form a criterion by which to judge us.

And Ada is soon to see something doing in the oil and gas line. The Ada Oil and Gas Co., in renewing its franchise agrees to begin development of its leases in six months. Let'er spout, gush or do anything else common to that line of business.

The prizes offered for Trades Day are to be actual cash, put up by the commercial club, the merchants being called upon to give no premiums whatever. Therefore every merchant in Ada can afford to make an unusually low price on some particular article, if not a number of them, thereby advertising not only the town but the individual dealers also, among strangers who are not already acquainted with the excellent shopping facilities afforded in Ada.

YOUR GRAY HAIRS QUICKLY VANISH

A Harmless Remedy, Made from Garden Sage, Restores Color to Gray Hair.

A feeling of sadness accompanies the discovery of the first gray hairs which unfortunately are looked upon as heralds of advancing age. Gray hair, however handsome it may be, makes a person look old. We all know the advantages of being young. Aside from the good impression a youthful appearance makes on others simply knowing that you are "looking fit" gives one courage to undertake and accomplish things. So why suffer the handicap of being old on account of gray hairs when a simple remedy will give your hair a youthful color and beauty in a few days' time?

Most people know the common garden sage acts as a color restorer and scalp tonic as well. Our grandmothers used a "Sage Tea" for keeping their hair dark, soft and lustrant. In Wyeth's Sage and Sulphur Hair Remedy we have an ideal preparation of sage, combined with sulphur and other valuable remedies for dandruff, itching scalp and thin, weak hair that is split at the ends or constantly coming out. A few applications of this valuable remedy will bring back the color, and in a short time it will remove every trace of dandruff and greatly improve the growth and appearance of the hair.

Get a fifty-cent bottle from your druggist today, and notice the difference in your hair after a few days' treatment. All druggists sell it under guarantee that the money will be refunded if the remedy is not exactly as represented. Agents, Gwin & Mays Drug Co., Ada, Okla.

HEAVIEST SNOWFALL OF ENTIRE WINTER

This section was visited, Tuesday night and Wednesday by the heaviest snow of the winter, but on account of the condition of the ground the bulk of it has melted by the time we go to press although snow is still falling. The thermometer has registered from 30 to 35 degrees during the day, March 26th will likely be remembered for many years as being accompanied by the worst spell of weather ever seen in this section so late in the winter.

PANAMA-PACIFIC INTERNATIONAL EXPOSITION, SAN FRANCISCO, 1915.

Copyright, 1913, by Panama-Pacific International Exposition.

DESIGN of the Motor Building at the Panama-Pacific International Exposition. This structure will be one of the largest of the exposition palaces, approximately 275 feet front by 300 feet deep, covering about 210,000 square feet or more than five acres. The dome, which surmounts the center of the front portion of the building, is 130 feet high and surmounted with a turret composed of the prows of modern motor boats, each carrying a searchlight. This point will be used by Mr. Ryan, the chief of illumination of the exposition, for the purpose of lighting up the grounds and adjacent buildings. Other groups at the base of the building will convey, allegorically, the uses of electricity, gas and other mechanical devices which compose the motor. Its modernity is in harmony with the nature of the exhibits which it will house, and its triumphal character is emblematic of that triumph of modern transportation, the automobile. The groups of statuary surmounting the attic will be allegorically carried out to typify the triumph of the motor over the elements. The main group in front will be a sort of quadriga of automobiles typifying the conquest over the land. On the sides will be allegories of the motor boat and the aeroplane, respectively, typifying the victory over the sea and air. On either side of the entire length of the building there will be a frieze 10 feet high in bas relief, giving the history of transportation from the early log cart up to the most modern development of the automobile.

SITUATION IN OMAHA.

Not Less Than 200 Lives Lost and Nearly 500 Are Injured.

Omaha, Neb., March 25.—For the first time since the disastrous tornado of Easter Sunday the people of Omaha today began to count their loss in lives and dollars. When a resume was made it was apparently more appalling than those who had studied the result were willing to admit.

Not less than 200 lives were snuffed out within the vicinity of the city proper and not less than fifty people in surrounding towns lost their lives. Nearly 500 were injured and eight of these died in local hospitals during the day.

The destitution was augmented today when nearly three inches of snow fell, making uninhabitable the houses of many who had prepared to retain temporary homes in partly destroyed structures. So far as money might relieve, conditions were perfect.

Funeral of Former Governor.

Atlanta, Ga., March 25.—The funeral of former Gov. William J. Northern who died at his home here today will be held tomorrow. Interment will be in Oakland cemetery.

The honorary pallbearers will include Gov. Joseph M. Brown and Gov.-Elect John M. Slaton.

When he received news of the death of the former Governor Gov. Brown issued a proclamation reviewing the career of his predecessor and his service to the state. He also directed that the flags on the State Capitol and other state buildings should fly at half mast for the next ten days out of respect to his memory.

Former Gov. Northern died at his home here this morning. Death was due to complications resulting from a carbuncle. He is survived by his widow and one daughter, Miss Anna Northern.

The Grand Leader

Tenders of sums aggregating a million dollars were in the hands of the city commissioners when the day ended. The offers came from nearly every section of the country and were made unconditionally.

The greatest work today was that of organizing a systematic relief bureau, with seven branch stations in the territory covered by the tornado. These stretched over a strip seven miles long, and those in charge handed out material assistance to all comers who showed they were in need of aid.

L. C. Linsey left this morning for San Antonio, Texas, to meet Mrs. Lindsey, and will accompany her and the children of Mr. and Mrs. O. J. Davidson home, Mr. and Mrs. Davidson will go to New Mexico or California for the benefit of Mrs. Davidson's health.

For Dyspepsia

If you suffer Stomach Trouble, and you try our remedy, it won't cost you a cent if it fails.

To prove to you that indigestion and dyspepsia can be thoroughly relieved and that Rexall Dyspepsia Tablets will do it, we will furnish the medicine absolutely free if it fails to give you satisfaction.

The remarkable success of Rexall Dyspepsia Tablets is due to the high degree of scientific skill used in devising their formula as well as to the care exercised in their manufacture, whereby the well-known properties of Bismuth-Subnitrate and Pepsin have been properly combined with Carminatives and other agents.

Bismuth-Subnitrate and Pepsin are constantly employed and recognized by the entire medical profession as invaluable in the treatment of indigestion and dyspepsia. Their proper combination makes a remedy invaluable for stomach relief.

We are so certain that there is nothing so good for stomach ills as Rexall Dyspepsia Tablets that we urge you to try them at our risk. Three sizes, 25 cents, 50 cents, and \$1.00.

You can buy Rexall Dyspepsia Tablets in this community only at our store:

GWIN & MAYS DRUG CO.

Ada The Rexall Store Oklahoma

There is a Rexall Store in nearly every town and city in the United States, Canada and Mexico. There is a different Rexall Remedy for nearly every ordinary human ill—each especially designed for the particular ill for which it is recommended. The Rexall Stores are America's Greatest Drug Stores.

NEW WATER FOUNTAIN WILL BE PUT IN

Arrangements are practically completed to put in a fine new water fountain at the intersection of Main and Rennie. The funds are already in sight and the city agrees to furnish the water free of charge. The fountain will be a piece of architectural beauty and an ornament to that part of town. The promoters hope to have things shaped up to go to work on it within a few days.

RAMSEY DRUG CO.

Fitzhugh.

Mrs. Coleman is quite sick with pneumonia.

Arthur Hart's auto ran over his fine dog and killed it. Rueft Cartwright and Charlie Woodard took their best girls to Ada Sunday.

Orville Simmons has returned to Fitzhugh from Amarillo, Texas.

Quite a number of our citizens went to Ada last week as spectators in the court room.

Alvin Tillery and wife were visiting his father Saturday.

Prof. Joe Smith has moved back to town, from Rock Chapel.

The young folks had an Easter egg hunt at Lige Chillicutt's Sunday. They all report an enjoyable time.

The stork visited the home of Mr. and Mrs. Joe McCracken Saturday night. Before he had hardly fulfilled his mission, the death angel claimed their babe. They laid it to rest in the Lightning Ridge cemetery. They have our sympathy.

Tom Morris and Becca May Gibson were united in marriage at Ada, Saturday. We extend them our congratulations.

E. P. Woodward made a flying trip to Ada Monday.

Sterling Ballard was visiting home folks Saturday.

The Roff ball team came over and played the boys Saturday. The game ended with 12 to 17 in favor of Roff.

Will McEntire went to Ada Saturday.

Roe Chillicutt and wife spent Saturday night with their daughter, Mrs. Belle Carroll.

The cold weather came along last week and killed my mother's mustard.

C. E. Jones, a former citizen of Ada, but now of Holdenville, passed through Ada Tuesday en route from Texas. His little son, Paul, went to Holdenville to remain three weeks. Mr. Jones stated that his laundry business at Holdenville is growing and that he is doing well there.

A MESSAGE TO WOMEN

Who Are "Just Ready to Drop." When you are "just ready to drop" when you feel so weak that you can hardly drag yourself about—and because you have not slept well, you get up as tired-out next morning as when you went to bed, you need help.

Miss Lea Dumas writes from Malone, N. Y., saying: "I was in a badly run-down condition for several weeks but two bottles of Vinol put me on my feet again and made me strong and well. Vinol has done me more good than all the other medicine I ever took."

If the careworn, run-down women, the pale, sickly children and feeble old folks around here would follow Miss Dumas' example, they, too, would soon be able to say that Vinol, our delicious cod liver and iron remedy had built them up and made them strong.

It is a wonderful, strength creator and body-builder, and we sell it under a guarantee of satisfaction. You get your money back if Vinol does not help you. Gwin & Mays Drug Co., Ada, Okla., adv.

P. S. For any skin trouble try our Saxon Salve. We guarantee it.

Let the News WANT COLUMN be your agent. Results are sure.

Character Not Admired by Women.

Nothing displeases women more than an austere and self-contained character. They see that they have no hold upon it; its dignity awes them, its pride rebels, its preoccupations keep them aloof.—Hippolyte A. Taine.

A FAIR WARNING

One That Should Be Heeded by Ada Residents.

Frequently the first sign of kidney trouble is a slight ache or pain in the loins. Neglect of this warning makes the way easy for more serious troubles—dropsy, gravel, Bright's disease. 'Tis well to pay attention to the first sign. Weak kidneys generally grow weaker and delay is often dangerous. Residents of this locality place reliance in Doan's Kidney Pills. This tested remedy has been used in kidney trouble over 50 years—is recommended all over the civilized world. Read the following:

J. M. Page, carpenter, Fourth St., Holdenville, Okla., says: "I can recommend Doan's Kidney Pills. They are just as represented. My kidneys were disordered and the kidney secretions were irregular in passage and filled with sediment. My back ached and I had pains through my sides. When I heard about Doan's Kidney Pills, I used them and they soon made me well."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

Economical Ironing

To iron economically you must not waste heat.

Ironing with ordinary flat irons is very wasteful of heat; most of the heat goes up the kitchen chimney; a lot of it is wasted in charring the ironing pad and in scorching the clothes.

Ironing with a

Hot Point Electric Flat Iron

is quite different—all the heat is in the iron ready to go into the pieces ironed instead of going into the room or up the kitchen chimney. None of it is wasted.

To use only the amount of heat actually needed for ironing, be it either heavy damp pieces or laces, embroidery or other light goods is real economy.

That's why Hot Point Irons are used in thousands of homes throughout our country.

We keep all styles and sizes—Let us send you one on trial.

Your money refunded if Dr. King's New Discovery does not relieve you.

Don't put off getting relief. Buy a bottle from your druggist today.

Ramsey Drug Company

Maxwell

Yesterday—Easter—will be remembered for many years. It came in like a lion and went out like a Bull Moose. For the past 30 years my diary fails to find any wind on Easter anything like it. Monday the gale moderated and our farmers began in earnest to plant corn. Oats are doing well; most have a good stand. Some are re-breaking corn land before planting; a very good idea, I think—one that is approved by the better class of farmers.

A number of our young people went over to Sacred Heart mission to see how our Catholic friends observe Easter. They report a real interesting service. I am told that Sacred Heart school is doing great work among the Indians, and that its influence can be seen in the advancement of those who patronize it. I believe this is the school that raised such a tempest in congress about 30 years ago when it was discovered that they had been using money appropriated by congress to Indian schools to print Catholic books in Indian language.

Some parties who are perhaps

"It cured me of a dreadful cough," writes Mrs. J. F. Davis, Stickney Corner, Me., "after doctor's treatment and all other remedies had failed." Excellent for coughs, colds or any bronchial affection.

Mrs. A. F. Meritz, of Glen Ellyn, Ia., writes: "I had a hard, stubborn cough that I had doctored for over six weeks without my getting any better. Our druggist finally recommended Dr. King's New Discovery and my husband bought a dollar bottle. After using two-thirds of it my trouble eased down, and it was not long till I was completely cured. Dr. King's New Discovery surely deserves all the praise it gets." Sold by

wanting a place have been jobbing Capt. Dick, the superintendent of the penitentiary. Gov. Cruce, it seems is standing by his appointee. In this I think the governor is right, as I have known Capt. Dick twenty years, and the worst thing I ever knew of his doing was to join the democratic party.

The assassination of the King of Greece reminds us that rulers are not safe, let them be ever so good. King George was a wise and humane ruler. Though not a Greek he was beloved by his subjects, by his conciliatory course he united all the factions which had been formed by years of misrule. He found the country rent assunder and without an army or navy, and heavily in debt. He managed to recover most of his lost possession and had about got the affairs to a satisfactory reconciliation of all factions. Going on the throne at the age of 18 years, he had ruled within a few days of 50 years. If he had lived to see a settlement of the present Balkan trouble Greece would possibly have been mistress of her ancient dominions.

Peace, that beautiful work which most of us love to repeat! I believe Gen. Grant made use of it. We teach it from the cradle to the school room from the pulpit and the rostrum, from the halls of congress to The Hague. We have from one to four military schools of high grade in each of the states (except eight) there is spent in the United States over a million dollars annually for the purpose of educating our brightest young men in arts of war. Two thousand are graduated annually, prepared to command armies. Does this look like peace? For what are you training them, if not for war? The Chinese dynasty, the oldest, and most despotic on earth, was overthrown in ten years from the time she began to give her brightest young men a military education in foreign lands. We will reap the whirl wind, for as night follows day, these military men will seek employment. MAXWELL.

For Relief From Insomnia.

If you really do not sleep soundly, if you lie awake much of the night and toss about, something soothing is needed in addition to deep breathing. If it is possible, walk in a park; watch the reflection of the evening stars in the water, or the moon shining through the trees. Then a brisk walk home.

Agent I. McNair came in yesterday evening from the Frisco agents' convention at Denison and reports a very pleasant affair, though it was all work and no play, the agents getting busy immediately upon their arrival in that city and working steadily until time for their departure. The Sapulpa, Sherman and Ardmore-Hope (Ark.) divisions, which employ more than sixty station agents were well represented.

S. B. Bennett, a real estate and loan man of Roff, was in the city Wednesday.

REPUBLICANS PLANNING INDEPENDENT ACTION

Washington, March 25.—Unless steps are taken by officers of the republican National Committee before April 15 toward the calling of a republican national convention to revise the rules and constitution of the party, leaders in the organization here propose to summon a conference and begin an independent movement for a National convention.

Party workers who demand that the basis of Southern representation be changed and that state primary laws be recognized in the election of National delegates are exerting pressure upon the members of the National committee in the hope that Chairman Hilles will call a committee meeting within the next two or three weeks.

Senator Cummins and others are understood to be determined to bring about the holding of a convention by other means if the national committee fails to act within a short time.

Ready for Atlantic Flight.

Vienna, March 26.—Joseph Brucker, the German-American aeronaut, who plans to cross the Atlantic in a dirigible balloon, has arranged to sail by steamer from Trieste tomorrow for the Canary Islands, where he expects to begin his voyage in about three weeks. Mr. Brucker is taking the balloon with him on the steamship and is accompanied by the two assistants who plan to make the aerial voyage with him.

The balloon is called the Suchard II, and is the largest balloon in existence. Its diameter is 80 feet and its gas capacity 200,000 cubic feet. It is a non-rigid dirigible of the Parse-

some young bucks who made it a practice to break up his service. He stood it for a time and then one bright Sunday he walked down the aisle and lit into the disturbers. There followed a fight that furnished great entertainment for the congregation, and when it was over the disturbers found the minister could fight even more powerfully than he could pray.

Next Sunday he preached on the subject of Trials and Tribulations.

"Brethren and sisters," he said, "we all have our trials and tribulations. Last Sunday they were right smart trials and tribulations right here in this house of the Lord. Your lovin' pastor had a few trials and tribulations himself. You may note that Deacon Lemuel over there hit me on the head and knocked off a small chunk of epidermis, but you kin also note that the deacon has one eye closed at this moment of preachin', and he is otherwise considerably disfigured, bless the Lord, which shows the deacon also had a considerable lot of tribulation himself. Brother Jones also forgot the respect due to the shepherd of this yere flock, an' he is carrying a few marks of his pussional trials an' tribulations. I might also point out a considerable number of the other members of this yere congregation, who know more about trials and tribulations than they did before I engaged to show them some."

"Your pastor is a man of peace and a follower of the blessed Lamb; but any time you think he can't boss this church, all you has to do is to come foolin' round, and you will discover that you is as prone to be mistaken as the sparks am to fly upward. The deacons will now take up the regular collection, after which we will sing the doxology an' receive the benediction."

vaal type and will carry two engines of the type used in the Parsevaal. Each of them is 110-horsepower and weighs 800 pounds. The balloon was finished many months ago and it was planned to attempt the trip a year ago, but there were some alterations to be made, and this delayed the start so it was planned to leave the Canary Islands this spring.

It is expected that with favorable winds the trip can be made in from six to eight days. It is expected that the landing will be either in the West Indies or at some point on the northern coast of South America. It is planned to run the motors alternately fourteen hours a day and to drift with the trade winds at night. The present plan is to make the trip at a height of from 500 to 600 feet. The dirigible will be steered by an ordinary vertical rudder. It is provided with large fins for rising and descending and for balancing.

The balloon bag is coated with a special preparation that absorbs water from the atmosphere to counteract the effect of the sun's rays. She will use sea water for ballast, descending to pump it in and discharging it when required. Under the gas bag is a gallery and suspended below this will be a power boat which is intended as the main living quarters of the balloon. The boat can be cut loose and used in case of accident. The dirigible will carry an ordinary compass and also a large supply of brilliant red aluminum globes. These will be dropped overboard one at a time and used as points by which to steer, it being impossible to allow for the leeway of a dirigible or aeroplane when steering by compass alone.

Mr. Brucker has an abiding faith in the success of the attempt, and feels confident that unless there is some weather phenomenon not heretofore recorded in the course of the northeast trade wind he will succeed. Every precaution that human ingenuity or professional skill has suggested has been taken, and Mr. Brucker is of the opinion that only a calamity that cannot be guarded against can defeat the expedition.

Deeds vs. Words.

There was a negro preacher in Atchison County, Kansas, who was a big, rawboned fellow, standing six-foot-four and having all the muscle his stature implied. This minister had

"By heck, didn't I tell ye so! I knowed jest as soon as we got a set of these here Democrats in office we'd have floods and storms and washout and all sorts of calamities. Caint expect nothin' else for the next four years. Lord only knows what'll become of us poor revils," remarked a calamity howler of a disgruntled political faith when he picked up a morning paper Wednesday and read of the disasters befalling our country.

Geo. B. Jackson, representing the Jackson Candy Co., of Oklahoma City transacted business in the city yesterday.

There are only five prisoners in the county jail now—Joe Winn, Tom Hurs, Crockett Daggs, Jim Rodgers and Henry Harris, the latter a negro. This is the fewest number of occupants the county basille has had for eighteen months. At one time there were only three in the jail and the greatest number of prisoners that ever enjoyed the county's hospitality was thirty-seven.

The Joy Of Coming Motherhood

A Wonderful Remedy That is a Natural Aid and Relieves the Tension.

Mother's Friend, a famous external remedy, is the only one known that is able to reach all the different parts involved. It is

By its daily use there will be no pain, no distress, no nausea, no danger of laceration or other accident, and the period will be one of supreme comfort and joyful anticipation. To all young women Mother's Friend is one of the greatest of all helpful influences, for it robs childbirth of all its agonies and dangers, dispels all the doubt and dread, all sense of fear, and thus enables the mind and body to await the greatest event in a woman's life with untrammelled gladness. Mother's Friend is a most cherished remedy in thousands of homes, and is of such peculiar merit and value as to make it essentially one to be recommended by all women. You will find it on sale at all drug stores at \$1.00 a bottle, or the druggist will gladly get it for you if you insist upon it. Mother's Friend is prepared only by the Bradford Regulator Co., 137 Lamar Bldg., Atlanta, Ga., who will send you by mail, sealed, a very instructive book to expectant mothers.

It looks sorta of rainish as we go to pres. Hiram Granby, one of our most respected citizens, purchased a pair of rubber boots at Hen Wetherby's store last week and put on same, but they drew up on his feet so he cant wear em and as Hen wont take the boots back HJ desires to sell them to whoever needs rubber boots. HJ paid \$2.50 for the boots but has marked them down to \$2.49 for a quick sale.

- 1820—First lodge of Odd Fellows in Boston organized.
- 1827—Ludwig von Beethoven, famous composer died in Vienna. Born in Bonn, Dec. 16, 1770.
- 1856—First street railway in New England, from Boston to Cambridge opened.
- 1861—Mississippi ratified the constitution of the Confederate States of America.
- 1874—House of Representatives passed the first interstate commerce bill.
- 1881—King Charles of Roumania ascended the throne.
- 1892—Walt Whitman, the poet, died in Camden, N. J. Born in Suffolk county, N. Y., May 31, 1819.
- 1912—Henry F. Ashurst and Marcus A. Smith elected as first United States senators from Arizona.

Naturally.

"John," asked the little boy's solemn uncle, "can you tell me what happens when a man's temperature goes down as far as it will go?" "Well, uncle," was the little lad's intelligent answer, "I don't know edacly what would happen, but I'm sure he'd have cold feet."

PERSONALS & LOCALS MIXT

From the Binville Bugle, one of our valued exchanges, we take the following highly edifying items:

"We haven't secured a new subscriber for some time—why is this?"

Miss Milly Underwood has purchased what she calls a pair of open work stockings. Milly looks awful nice in these stockings, but she says they ain't very much pertekshion against the cold.

Hank Dewberry worked one day last week for Jim Hinks at Jim's saw mill on Snake Creek. Hank set down on a log which was being sawed to rest and dropped off to sleep and come near being sawed in two, Jim feet yanked Hank off the log in time. Hank then got his pay and returned to Bingville. Hank says the saw mill business is too risky fer him.

It looks sorta of rainish as we go to pres.

Hiram Granby, one of our most respected citizens, purchased a pair of rubber boots at Hen Wetherby's store last week and put on same, but they drew up on his feet so he cant wear em and as Hen wont take the boots back HJ desires to sell them to whoever needs rubber boots. HJ paid \$2.50 for the boots but has marked them down to \$2.49 for a quick sale.

Mel Skinner has a turribel cold in his head. Mel dont have eny idea where he caught the cold, in fact

he dont care much. All he desires is to get rid of it.

We expect to have some expense the latter part of the month and would like to make arrangements with one or two persons to subscribe for the Bugle and pay cash for same. Please think this over stranger.

Local items is very scarce this week. Besides we havn't time to hunt up much news owing to our numerous duties as editor prop., and publisher of the Bugle.

THIS LADY'S GOOD APPETITE

Mrs. Hansen, in a Letter From Mobile, Tells How She Gained It.

Mobile, Ala.—"I suffered for seven years, with womanly trouble," writes Mrs. Sigurd Hansen in a letter from this city. "I felt weak and always had a headache and was always going to the doctor. At last I was operated on, and felt better, but soon I had the same trouble."

My husband asked me to try Cardul. I felt better after the first bottle, and now, I have a good appetite and sleep well. I feel fine, and the doctor tells me I am looking better than he ever saw me."

If you are sick and miserable, and suffer from any of the pains due to womanly trouble—try Cardul. Cardul is successful because it is composed of ingredients that have been found to act curatively on the womanly constitution.

For more than fifty years, it has been used by women of all ages, with great success. Try it. Your druggist sells it.

N. B.—Write for Ladies' Advisory Dept., Chattanooga, Medicine Co., Chattanooga, Tenn., for Special Instructions, and 64-page book, "Home Treatment of Women," sent in plain wrapper, on request.
